Lane Closures for Improvement Project along Illinois 59 from North Avenue to I-90

CHICAGO – The Illinois Department of Transportation (IDOT) announced that lane closures will take place on Illinois 59 from North Avenue (Illinois 64) to the Jane Adams Tollway (Interstate 90), in Bartlett, Hoffman Estates, Streamwood, West Chicago and Wayne, for an improvement project, beginning, weather permitting, Monday, April 3.

In order to complete the work, Illinois 59 will be reduced to one lane in each direction while construction activities are taking place. To alleviate traffic congestion, northbound lane closures will be avoided during the morning rush and southbound lane closures will be avoided during the evening rush.

The scope of the project includes pavement patching, replacement of curb and gutter, and left turn lane improvements on northbound IL 59 at West Park Avenue. The project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
